
Requests cover evaluation plus drain. Keep 3 unfinished: 34.64/34.83% (12 hot, 700), 26.92/37.57% (4 hot, 600).
All intervention trials finished the evaluation cohort. Keep 3 Run 1 at 700 is omitted here because request coverage is incomplete.
No Keep 3 or native Kafka scaling trial exists in the four-partition 700 block. No cross-campaign percentage comparison is made.
